Course Information

Course Title	ITIL 4 Foundation Training
Course Reference	C348
Training Provider	Tertiary Infotech Academy Pte Ltd (UEN 201200696W)
Duration	3 days · 7.5 instructional hours per day (22.5 hours)
Daily Timing	9:30 am – 6:30 pm (1-hour lunch; tea breaks within training time)
Mode	Instructor-led classroom training with group case-study and scenario-based activities
Trainer	Dr Alfred Ang

Learning Outcomes

On completion of this course, learners will be able to:

- LO1: Explain the key concepts of service management, including services, value, outcomes, costs, risks, utility and warranty, and the roles of service providers and consumers.
- LO2: Apply the seven ITIL guiding principles to service management decisions and improvement initiatives in the workplace.
- LO3: Describe the four dimensions of service management and evaluate how each dimension affects the delivery of a service.
- LO4: Explain the ITIL service value system and the six service value chain activities, and apply the continual improvement model.
- LO5: Describe the purpose of the key ITIL practices and apply them to incident, problem, change and service request scenarios.

Learning Reinforcement

- Every topic is followed by hands-on labs that learners complete on their own machine.
- Each lab ends with a 'Test it' verification step so learners can confirm their own progress.
- The trainer circulates during lab time to give individual feedback and unblock learners.
- Each topic closes with a recap mapped back to the course learning outcomes.
